

Your wisdom has a half-life. *Masterwork makes it whole.*

The perspective, the relationships, the accumulated discernment of a lifetime — without deliberate design, it disperses.

Masterwork360 exists to give it form.

"Between Livelihood & Legacy — that's Masterwork.

Where your wisdom leaves its mark.™"

— Sherrie Rose, Chief Legacy Officer

Achievement opened the door.

Masterwork fills the space with meaning.

MASTERWORK (NOUN)

The remarkable accomplishments spanning your lifetime or the duration of your business. Your signature contribution — the work that only your particular talents and vision could produce. It benefits others. It likely outlasts you.

THE MASTERWORK YEARS

Sherrie Rose coined this stage — the point in a high-achiever's life where meaning matters more than momentum, depth more than drive, and contribution more than competition.

Most high-achievers keep livelihood and legacy in separate categories. Work now, meaning later. Masterwork360 exists because that gap has a cost. The perspective accumulated over decades, when left without deliberate design, disperses. It does not transfer on its own.

You are not winding down. You are entering the stage where everything you have built becomes the foundation for what truly lasts.

CAN YOU RELATE TO JORDAN?

The business is running. The team is solid. The numbers are where they need to be. Jordan has built a successful business over twenty years. The kind of operation that doesn't need constant rescue anymore. Has a solid reputation. By any measure, things are good.

And yet...

The calendar feels like obligation. Jordan sits across from people who want the benefit of years of experience and feels like the exchange is missing its point. Drive is intact. The desire to leave something lasting is fully alive.

Jordan is the person others organize around. Decisive. The one who sees around corners before anyone else does. Jordan has more to give but does not know where to turn.

That is where Masterwork360 comes in.

THE WISDOM MODEL™

At the center of Masterwork360 is The Wisdom Model™ — the framework for Masterwork and legacy development. It operates through three wisdoms that guide every decision and direction in this stage of life.

I

Live Smart

Legacy is longevity. The choices you make now determine the reach and duration of what you leave behind.

II

Give Smart

Sharing and conserving what you have built — with the people and causes that carry your values forward.

III

Leave Your Mark

Your legacy extends beyond what you have accumulated to the imprint you leave on your community and the people your life and work will influence.

Made for Wisdom. *Enhavim-driven.*

"For 26 years, my work told me who I was. Then the pandemic hit and people I knew started dying. People whose work I respected, who still had more to do, but their clock had stopped. I kept moving, stayed busy, but had no idea who I was anymore. Meaning doesn't disappear. It migrates. It moves from days of producing into accumulated wisdom, into the people you lifted, into ideas that exist because you lived long enough to arrive at them. The space between livelihood and legacy — that's Masterwork, where your wisdom leaves its mark."

— SHERRIE ROSE, FOUNDER

Your signature contribution is still in *your possession*.

You have created success. You have built a name, a network, and a livelihood that reflects decades of conviction and work.

The gap between what you have built and what you will leave is not empty. It is calling.

Masterwork360 gives that gap a structure — one that respects your time, your vision, and the depth of what you carry. Guided by The Wisdom Model™ and the community of exceptional peers who are doing the same work alongside you, you will define your next decade with direction and real momentum.

MASTERWORK360 IS RIGHT FOR YOU WHEN

- You have created success and you want to know it will last in a meaningful way.
- You are ready to create something different — without walking away from what you have built.

- You want a structure built around your vision — purpose and mission led by you.
